SALT STONE

Un racconto che parte da lontano

Con Salt Stone Provenza vuole celebrare il sale, minerale fondamentale nel nostro pianeta, trasferendone l'estetica elegante e sofisticata in una collezione di superfici in Gres Porcellanato dalla forte personalità, caratterizzate da un fascino forte e delicato al tempo stesso.

A tale with ancient beginnings

With Salt Stone, Provenza celebrates salt, a mineral of fundamental importance for our planet, by transferring the elegant, sophisticated appearance of rock salt into a collection of Porcelain Stoneware surfaces with a strong personality and an irresistible yet subtle beauty.

Iniziata con una ricerca vasta e profonda delle tipologie delle lastre saline presenti in natura, Salt Stone è stata perfezionata e ingegnerizzata nel reparto R&D Provenza, con una particolare attenzione alle sovrapposizioni delle stratificazioni grafiche e riflessioni cromatiche.

Caratterizzata da nuvolature, stratificazioni e brevi venature l'estetica di Salt Stone interpreta il carattere ricco e vivo delle lastre saline naturali.

Lo fa però in modo discreto, su una palette cromatica delicata e raffinata, che va dai toni neutri a nuance come il rosa o il verde. Il risultato è un prodotto versatile in grado di interpretare differenti stili abitativi e capace di adattarsi alle diverse esigenze applicative.

E portare il fascino eterno di un elemento forte e vitale nell'eccellenza tecnica ed estetica del grés porcellanato Provenza.

La collezione si sviluppa in 2 spessori e 5 formati ai quali si aggiunge, per completare e arricchire la gamma, il decoro tridimensionale Modula. Nato come interpretazione realistica dell'effetto "spaccato" di blocchi salini incastonati a parete, Modula aggiunge volume e profondità materica a quinte e pareti.

Based on vast, in-depth investigation of the naturally occurring types of rock salt, Salt Stone was fine tuned and engineered by the Provenza R&D department, with a particular focus on its overlapped, stratified graphic patterning and reflected colours.

With mottling, stratification and short veins, Salt Stone's aesthetic interprets the rich, vibrant character of natural rock salt slabs.

However, it does so with discretion, using a delicate, refined colour range running from neutral shades to hues such as pink or green. The result is a versatile product able to interpret a variety of lifestyles and adapt to different applicational demands.

And also to translate the timeless beauty of a strong, vital element into the technical and aesthetic excellence of Provenza porcelain stoneware.

The collection is available in 2 thicknesses and 5 sizes, together with the three-dimensional Modula decor to complete and enhance the range. Created as a realistic interpretation of the "split" effect of blocks of rock salt set into a wall, Modula adds depth of substance and volume to panels and walls.

Estetica e prestazioni.

SALT Stone assicura l'equilibrio ideale tra ricercatezza estetica e prestazioni tecniche elevate nelle più svariate ambientazioni esterne. Alla possibilità di realizzare percorsi, camminamenti e altre soluzioni progettuali outdoor in piena armonia con l'ambiente circostante e in assoluta continuità con gli spazi interni, si aggiunge la garanzia di impiego di un materiale eccezionalmente resistente ai carichi e a tutti i tipi di agenti atmosferici.

Facile da posare a secco su erba, sabbia e ghiaia, **SALT Stone** può essere incollato anche su massetto, permettendo di realizzare pavimentazioni carrabili o altre soluzioni nell'ambito di spazi commerciali e pubblici soggetti a elevato traffico e si presta alla perfezione alla realizzazione di pavimenti sopraelevati.

SALT Stone è la soluzione ideale per progettare con stile, senza rinunciare alle esigenze tecniche richieste dall'architettura contemporanea.

High-Performing good looks.

SALT Stone delivers the ideal combination of exquisite appearance and outstanding technical performances in the most widely varying outdoor locations. Paths, pavements and other outdoor solutions that merge perfectly into the surrounding environment and seamlessly continue indoor design schemes can be created with a material offering exceptional resistance to loads, weather and other atmospheric factors. Easily installed dry on grass, sand and gravel, **SALT Stone** can also be glued to concrete screeds for vehicle-resistant pavings, or for other projects in commercial or public contexts with heavy traffic, and is perfect for raised floors. **SALT Stone** enables stylish design solutions while meeting all the technical demands of contemporary architecture.

20MM

Ästhetik und Leistungen.

SALT Stone gewährleistet den perfekten Einklang zwischen ausgefeilter Ästhetik und hohen technischen Leistungen in verschiedensten Außenräumen. Die Möglichkeit zu Gestaltungslösungen für den Außenbereich wie etwa Fahr- und Gehwege, die sich harmonisch in die Umgebung einfügen und eine nahtlose optische Einheit mit den Innenräumen bilden, ist mit der Garantie eines außergewöhnlich belastungsfähigen und witterungsbeständigen Materials verbunden. Leicht verlegbar im Gras-, Sand- oder Kiesbett, kann **SALT Stone** auch auf Estrich verklebt werden. Die Kollektion eignet sich nicht nur für Bodenbeläge oder andere Lösungen in stark frequentierten gewerblichen und öffentlichen Bereichen, sondern ist auch zur Erstellen von Doppelböden perfekt. **SALT Stone** ist die ideale Lösung für eine stilichere Gestaltung und erfüllt die technischen Anforderungen der modernen Architektur.

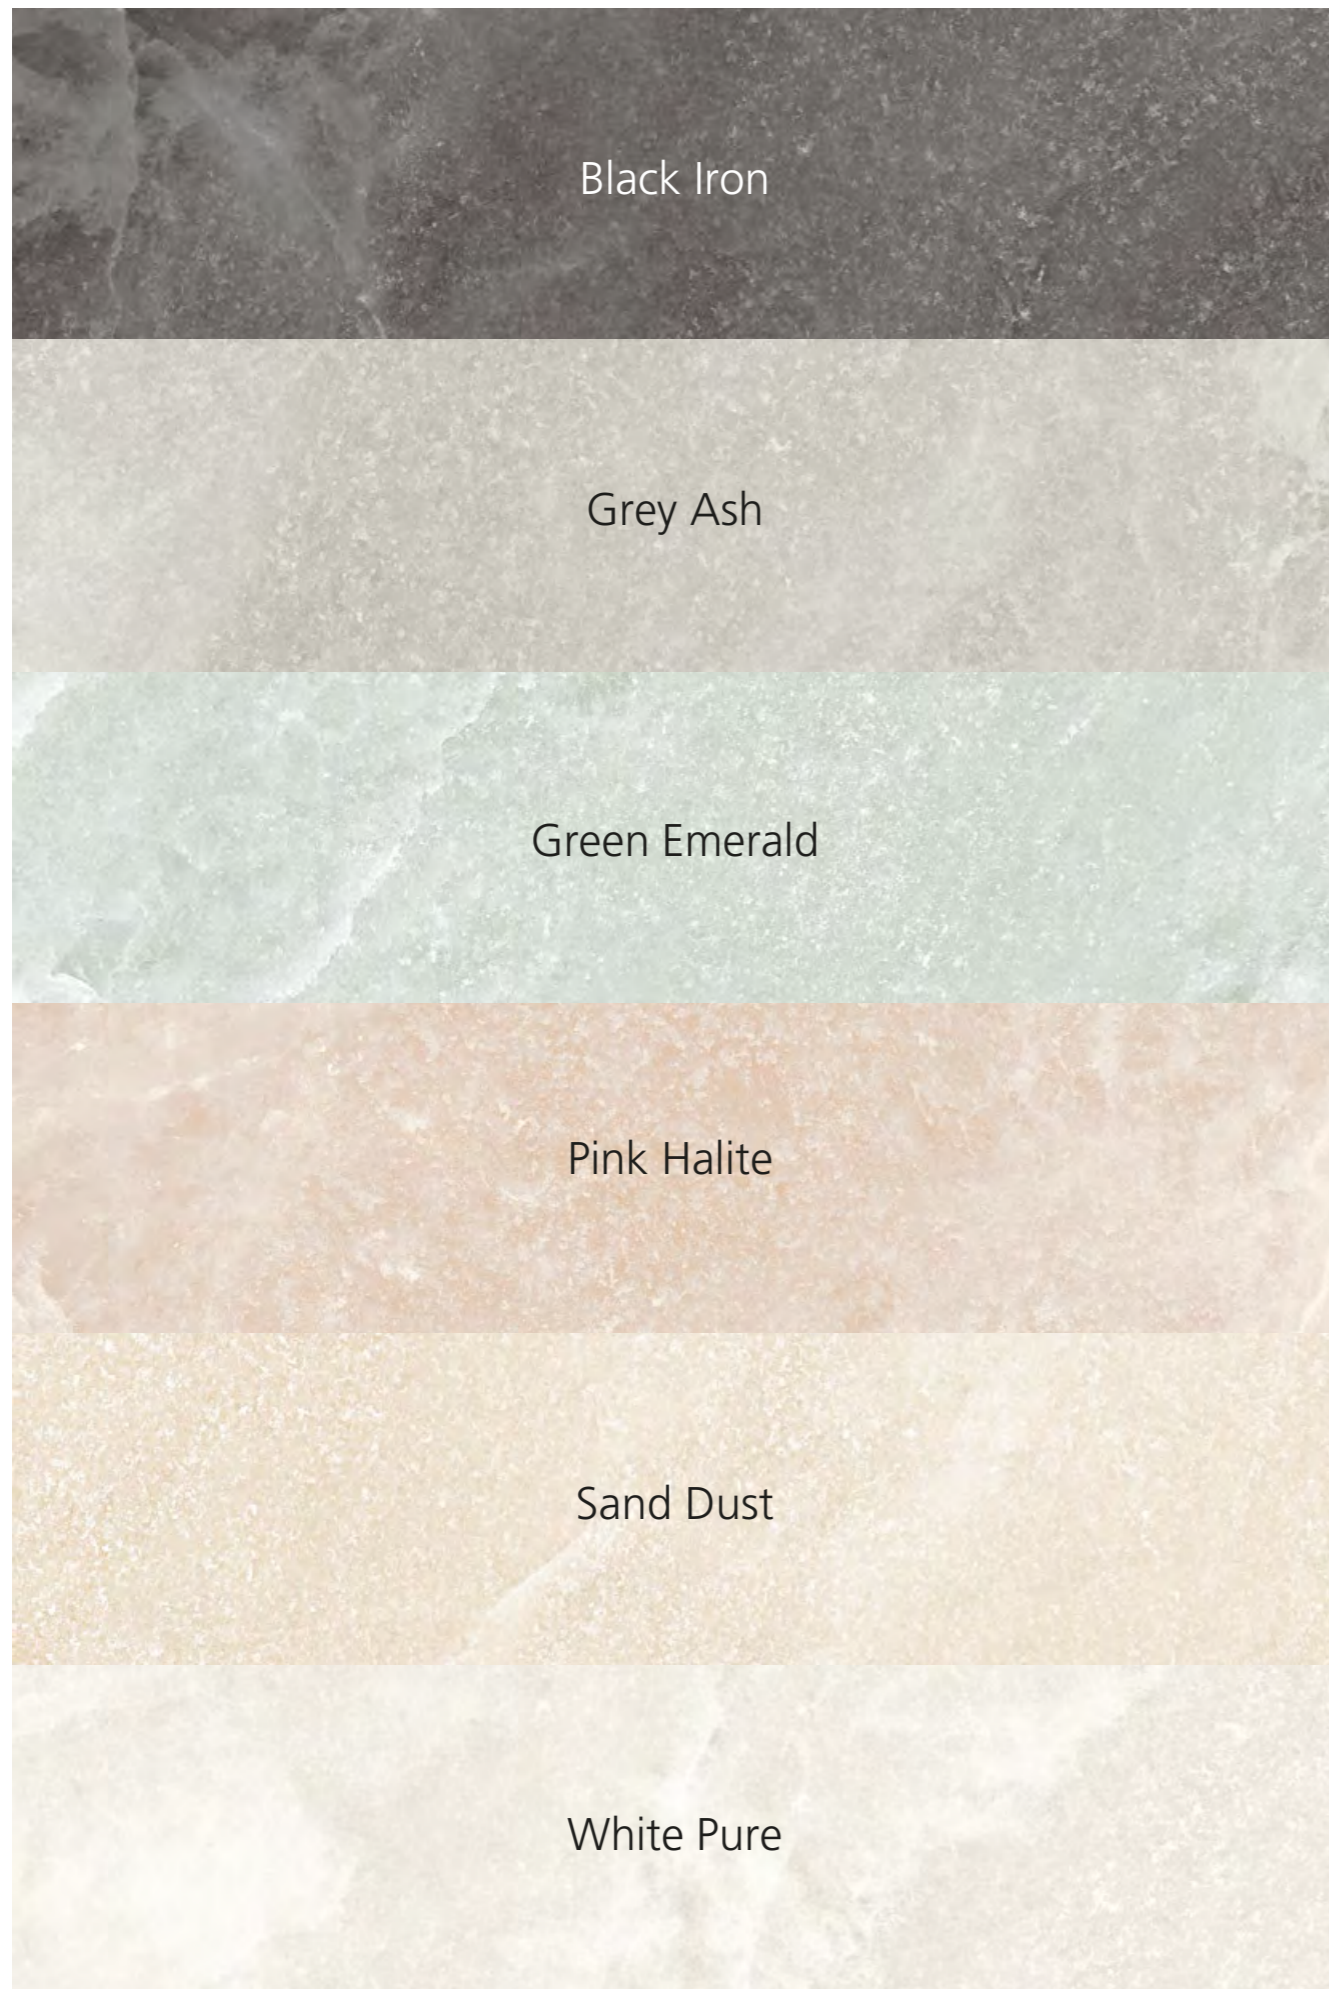

Estética y prestaciones.

SALT Stone asegura el equilibrio ideal entre refinamiento estético y prestaciones técnicas elevadas en las más diversas ambientaciones exteriores. A la posibilidad de realizar carriles, caminos y otras soluciones proyectivas exteriores en plena armonía con el entorno y dando continuidad a los espacios interiores, se suma la garantía de uso de un material excepcionalmente resistente a las cargas y a toda clase de agentes atmosféricos. Fácil de colocar en seco sobre hierba, arena y grava, **SALT Stone** también se puede encolar sobre la capa de relleno, permitiendo disponer pavimentaciones transitables u otras soluciones en el ámbito de espacios comerciales y públicos sometidos a un tráfico intenso y se presta a la perfección a la realización de pavimentos sobreelevados. **SALT Stone** es la solución ideal para proyectar con estilo, sin renunciar a las exigencias técnicas requeridas por la arquitectura contemporánea.

Эффектная Эстетика И Высокие Характеристики.

SALT Stone гарантирует достижение идеального равновесия между эстетической изысканностью и высокими техническими характеристиками в самых разнообразных наружных оформлениях. К возможности создания дорожек, тротуаров и других проектных решений для наружных пространств в полной гармонии с окружающей средой и с полной взаимопреемственностью с внутренними пространствами добавляется гарантия использования материала, который чрезвычайно устойчив к нагрузкам и всем типам атмосферного воздействия. Материал **SALT Stone** легко укладывается всухую на траву, песок и щебень, а также его можно наклеивать на бетонную стяжку, что позволяет изготавливать полы, пригодные для движения транспортных средств, или же другие решения на торговых и общественных объектах с высокой интенсивностью движения, а кроме того, он может великолепно использоваться для изготовления фальшполов. **SALT Stone** - это наилучшее решение для проектирования с хорошим стилем, не отказываясь от технических необходимостей, которые востребованы современной архитектурой.
