Full Cookie policy statement pursuant to the Measure issued by the Italian Data Protection Supervisory Authority (Garante della Privacy) on 8 May 2014, and art. 13 of Regulation (EU) 2016/679 on Data Protection (GDPR)

By means of this cookie policy statement, the Data Controller, as defined below, wishes to inform users concerning the purposes and procedures regarding the processing of their personal data deriving from the use of cookies by this domain <u>www.emilgroup.com</u> (the "**Website**"), in accordance with the "*Simplified procedures for information and consent concerning the use of cookies*" measure issued by the Italian Data Protection Supervisory Authority on 8 May 2014 and pursuant to art. 13 of the General Regulation (EU) 2016/679 on Data Protection ("**GDPR**").

1. Identity of the Data Controller

The Data Controller and Website manager is Emilceramica S.r.l. a socio unico ("**Emilceramica**" or "**Data Controller**"), with registered office at via Ghiarola Nuova no. 29, 41042 Fiorano Modenese (Modena, Italy), in the person of its current legal representative.

To exercise your rights as listed in art. 9 below, or for any information concerning them and/or this Cookie Policy Statement, you may contact the Data Controller through the Marketing Department at <u>privacy@emilceramicagroup.it</u>

The Data Controller has appointed a Data Protection Officer ("DPO"), whom you can contact to exercise your rights, as listed in point 7 below, as well as to receive any information concerning them and/or this Policy Statement, by writing to: dpo@emilceramicagroup.it

2. What cookies are and what they are for

Cookies are small strings of text that the sites the user visits send to his terminal (normally the browser), where they are stored to be retransmitted to the same sites the next time the same user visits them. When the user is browsing the Website, his terminal may also receive cookies sent by other sites or web servers ("**third parties**"), which may carry materials (such as images, maps, sounds, specific links to pages in other domains, etc.) present on the Website he is visiting.

Cookies are used for a variety of purposes: IT authentication; session monitoring; the storage of data on specific configurations relating to users who access the server; storage of preferences, etc.

In order to regulate these devices correctly, it is necessary to distinguish between the various types of cookies.

3. Types of cookies

It is possible to distinguish between various types of cookies on the basis: (A.) of the party which installs the cookies; (B.) of the duration of the processing; (C.) of the purpose of the processing.

A. Depending on the party which installs the cookies on the user's terminal, a distinction is made between: (a) "firstparty cookies", installed directly by the manager of the website visited by the user; and (b) "third-party cookies" installed by the manager of another website, which installs the cookies via the first. This Website only uses

T +39 0536 835111 info@emilceramicagroup.it

temporary or permanent *third-party cookies* in anonymous formats, for the sole purpose of enabling the Data Controller to utilise web analytics services supplied by third parties.

- B. On the basis of the duration of the processing, there is a distinction between: (a) "session cookies", which are stored temporarily during the browsing session and automatically erased from the user's terminal after the browser is shut down; and (b) "persistent cookies", which persist on the user's terminal until a set expiry date (for example, until the end of the year) or until they are erased.
- C. With regard to the type of processing, the distinctions between: (a) "technical cookies", used for the sole purpose of enabling the user to browse and utilise the website correctly (e.g. normal display or scrolling of pages, etc.); and (b) "profiling cookies", which create profiles relating to the user, and are used to send targeted advertising messages in line with the preferences shown by the user when browsing the Internet. Unlike technical cookies, profiling cookies are not necessary for the correct operation of the Website and they may not be used without the user's consent.

| Type of cookie | Function | | | |
|--------------------|---|--|--|--|
| Navigation Cookies | Navigation cookies improve the browsing experience and enable the website to function correctly by saving browsing preferences and allowing, in particular: display of contents in each user's language right from the first access. In fact, <i>navigation cookies</i> are able to recognise the country from which the user is accessing the Website and ensure that, whenever he visits it, he will be automatically directed to the version of the Website intended for that specific country; log-in to the Website and management of individual purchases. Navigation cookies enable the Website to recognise registered users as such at each access. Navigation cookies are necessary for the correct operation of the website and for the provision of some services. | | | |
| Analytical cookies | Analytical cookies are used to produce statistics about the number of users and the relative ways in which they browse the website. Using <i>analytical cookies</i> , the data controller collects aggregate information and processes the results of the analyses in anonymous form, to obtain general statistics about the service and its use. <i>Analytical cookies</i> are not essential for operation of the website. | | | |
| Functional Cookies | <i>Functional cookies</i> enable the Website to recognise the user on the basis of a number of preset criteria (e.g. language) in order to improve the quality of the service offered. These cookies also enable the Website to recognise the user, if he specifically requests this (for example, by clicking " <u>Recognise me next time</u> ") whenever the user visits the Website, so that he will not be obliged to enter his credentials again. <i>Functional cookies</i> are not essential for operation of the Website, but they improve its quality and thus the browsing experience. | | | |

The table below summarises the different types of *technical cookies*

T +39 0536 835111 info@emilceramicagroup.it

4. Types of cookies used by this Website

The tables below list the cookies present on the website, indicating their duration and function; for cookie disabling procedures, see point 6 of this document.

Session cookies: these are cookies only active for the session in question, and allow temporary storage of the information needed to navigate between pages, so that these data do not have to be entered again every time. The use of these cookies is restricted solely to the transmission of session identifiers (consisting of random numbers generated by the server), necessary to allow safe, efficient navigation of the Website. The session cookies used on this Website mean it is not necessary to use other data processing techniques which potentially compromise the navigation privacy levels for users and they do not allow the acquisition of personal data which can identify the user. These cookies are only installed via the Website.

Functional cookies: these are cookies used to save personalisations chosen by the user, such as the language. This Website uses cookies which are not persistently stored on the user's computer, the use of which is strictly limited to the correct operation of the technology concerned, which would otherwise cease to function. These cookies do not record any type of information which may allow identification of the individual user. These cookies are only installed via the Website. The user's consent is not necessary for the use of cookies of this type.

Profiling cookies: these are cookies which identify the user's preferences by tracking the websites visited and searches performed, in order to create a profile of the user and send him targeted advertising, which may also be third-party. The company uses these cookies in order to study the market, also in aggregate form, and to offer users a service which ensures that the advertising presented for their attention corresponds more closely to their own needs and preferences.

FIRST-PARTY COOKIES

Technical

| Cookie name | Туре | Duration | More information | Provider |
|-------------------|------|----------|--|---------------|
| sessionidaccounts | Http | 14 days | User session tracking cookie | emilgroup.com |
| popup_countries | Http | 1 year | Records the user's choice regarding chosen country of browsing to avoid repetition of selection popups | emilgroup.com |

Statistics

GOOGLE ANONYMIZED

| Cookie name | More information | Provider | Duration |
|---|--|---------------|-----------|
| _ga | Used to distinguish users. | Google | 26 months |
| _gid | Used to distinguish users. | Google | 24 hours |
| _gat | Used to throttle request rate. If Google Analytics is deployed via Google Tag Manager, this cookie will be named _dc_gtm_ <property-id>.</property-id> | <u>Google</u> | 1 minute |
| _gac_ <property- id></property- | Contains campaign related information for the user. If you have linked your Google Analytics and Google Ads accounts, Google Ads website conversion tags will read this cookie unless you opt-out. | <u>Google</u> | 90 days |

T +39 0536 835111 info@emilceramicagroup.it

| utma | Used to distinguish users and sessions. The cookie is created when the | Google | 26 months |

5. Nature and legal basis of the processing of personal data

The use of cookies enables the Data Controller to process the ordinary personal data you contribute when browsing the Website.

Technical cookies do not require your prior consent, since: (i) they are necessary for the correct operation of the Website *(navigation cookies)*; (ii) they only pursue statistical purposes and collect aggregate data, which are processed by the Data Controller in anonymous form *(analytical cookies)*; (iii) they enable users to browse the Website in accordance with the characteristics and criteria which they have chosen themselves, in order to improve the service offered *(functional cookies)*.

However, your prior consent is necessary for the processing of your personal data by means of:

(i) profiling cookies; and

(ii) *third-party analytical cookies*, when the use of these cookies is not conditional on the adoption of tools to reduce the identifying capacity of the cookies used, or the third party has not given a contractual undertaking to use these cookies solely for the provision of services, and to store them separately, without "enriching" them or "cross-matching" them with other data concerning the user at its disposal.

6. How to disable cookies and manage your preferences

The contribution of your personal data for processing by the cookies on the Website is optional and you are free to choose, in your browser, to either accept or disable cookies.

Each user can choose to disable *navigation cookies, analytical cookies, functional cookies* or *profiling cookies* by modifying his browser settings. If *navigation cookies* are disabled, the use of the Website itself may be prevented; if *analytical cookies* and/or *functional cookies* are disabled, browsing of the Website will not be prevented, but some of its sections and/or functions may no longer be available. Finally, if *profiling cookies* are disabled users will be able to browse the Website freely, but it will not be possible to examine their habits and/or preferences, and therefore they will not receive messages or images about products or services which might be of interest to them.

The following are the links with the instructions to be followed to change the browser settings, including the cookie disabling guidelines.

- Internet Explorer: <u>https://support.microsoft.com/en-gb/help/17442/windows-internet-explorer-delete-manage-cookies</u>
- Safari: <u>https://support.apple.com/en-gb/guide/safari/sfri11471/mac</u>
- Chrome: <u>https://support.google.com/chrome/answer/95647?hl=EN-EN&hlrm=fr&hlrm=en</u>
- Firefox: <u>https://support.mozilla.org/en-US/kb/enable-and-disable-cookies-website-preferences</u>

With regard to the third-party cookies used on the Website, users may utilise the links in the table above to access more information and exercise an opt-out on the use of individual third-party cookies.

For any query regarding the Website's use of cookies, users are advised to refer to:

7. Recipients or categories of recipients of your personal data

Your personal data obtained by means of the cookies on the Website will be made available to Emilceramica's employees, external consultants and staff in general, working in the capacity of authorised data processors, specifically designated by the Data Controller.

T +39 0536 835111 info@emilceramicagroup.it

In addition, your personal data may be processed by the following third parties:

- a) IT system management service providers;
- b) technical assistance service providers;
- c) logistics companies, couriers and forwarding agents;
- d) marketing and advertising service providers;
- e) payment service providers;
- f) other service providers;
- g) the data controller's parent company or associated companies

In some cases, the entities in the aforesaid categories operate in complete independence as separate Data Controllers, while in other cases they operate as Data Processors specifically appointed by the Data Controller in accordance with article 28 of the GDPR.

In all cases, your consent is not required for the disclosure of your data to third-party recipients listed above working in the capacity of independent Data Controllers, since it is based on the prevalent legitimate interest of the Data Controller, as the said disclosure is necessary for the pursuance of the purposes set out above.

The complete, updated list of the recipients who may acquire knowledge of your personal data may be requested by contacting the Data Controller using the contacts provided in article 1 above.

Your personal data will not be disseminated.

8. Transfer of personal data outside the European Union

Emilceramica intends to transfer your data to non-European Union member states: this transfer is lawful since it is covered by adequacy decisions issued by the European Commission and/or other appropriate guarantees pursuant to article 46, 47 or 49 of the GDPR.

You may request a copy of the safeguards adopted for data transfer outside the EU, and information concerning the places where the data have been made available, by sending a specific request to the Data Controller at the email address <u>privacy@emilceramicagroup.it</u>

9. Your rights as data subject

With regard to the data processing described in this Cookie Policy Statement, you may exercise the rights listed in this section, established by Articles 15 to 21 of the GDPR. In particular:

- Management of your data Right of access Article 15 of the GDPR: right to obtain confirmation of whether or not personal data concerning you are being processed and, if this is the case, to obtain access to your personal data - including a copy of them - and communication of the following information:
 - a) purposes of the processing;
 - b) categories of personal data processed;
 - c) recipients or categories of recipients to whom the personal data have been or will be disclosed;
 - d) data storage period or the criteria use to decide this;
 - e) the right to request the data controller for the rectification or erasure of personal data, or the restriction of the processing of personal data concerning the data subject, or the right to object to the said processing;
 - f) the right to lodge a complaint with the competent authority;
 - g) the origin of the personal data, if they have not been collected directly;
 - h) existence of an automated decision-making process, including profiling;
- Rectification of inaccurate or incomplete data Right to rectification Article 16 of the GDPR: right to obtain, without undue delay, the rectification of inaccurate personal data concerning you or the completion of incomplete personal data.

T +39 0536 835111 info@emilceramicagroup.it

- Erasure Right to erasure Article 17 of the GDPR: right to obtain, without undue delay, the erasure of personal data concerning you, when:
 - i) the data are no longer necessary in relation to the purposes for which they were collected or otherwise processed;
 - j) you have withdrawn consent and where there is no other legal ground for the processing;
 - k) You have submitted a justified objection to the processing of the personal data;
 - I) the data have been unlawfully processed;
 - m) the data have to be erased for compliance with a legal obligation;
 - n) the personal data have been collected in relation to the offer of information society services referred to in article 8, comma 1 of the GDPR.

The right to erasure does not apply to the extent to which the processing is necessary for compliance with a legal obligation or for the performance of a task carried out in the public interest or in the exercise of official authority vested in the controller, or for the establishment, exercise or defence of legal claims.

- **Restriction of processing Right to restriction of processing** Article 18 of the GDPR: right to obtain restriction of the processing, when:
 - o) the accuracy of the personal data is contested by the data subject;
 - p) the processing is unlawful and the data subject opposes the erasure of the personal data and requests the restriction of their use instead;
 - q) the data subject needs the personal data for the verification, exercise or defence of a right during judicial proceedings;
 - r) the data subject has objected to processing pursuant to Article 21, comma 1 of the GDPR pending the verification whether the legitimate grounds of the controller override his own.
- **Right to data portability** Article 20 of the GDPR: right to receive the personal data concerning you, which you have provided to the Data Controller, in a structured, commonly used and machine-readable format and the right to transmit those data to another controller without hindrance, if the processing is based on consent and is carried out by automated means. In addition, the right to have your personal data transmitted directly by the Data Controller to the other controller, where technically feasible.
- **Right to object** article 21 of the GDPR: right to object to the processing of personal data concerning you, unless there are legitimate grounds for the Data Controller to continue the processing;
- **Right to lodge a complaint with the Italian Data Protection Supervisory Authority** Garante per la protezione dei dati personali, Piazza di Montecitorio n. 121, 00186, Rome (Italy).

The above right may be exercised by contacting the Data Controller at the addresses provided in article 1 above. Please note that we may request confirmation of your identity before acting on your request.
